## A toolkit for Community Based Participatory Research in Greenland

This toolkit is written as a guide for communities and researchers who would like to conduct research in Greenland through a collaborative and equitable partnership. It is also a resource for anyone conducting research projects in Greenland to educate them on the relationship between research that takes place in Greenland and its impact on communities. Additionally, this toolkit is a guide for Greenlanders who want to gather more information about research and how research partnerships may benefit their communities.

## Medier og selvstændighed i Grønland

Dette seminar undersøger, hvor Grønland er på vej hen – og kaster lys over de muligheder, udfordringer og dilemmaer, som Grønland står over for på her på 10 året for selvstyre.

Seks stemmer fra Grønland til at give deres vurdering af, hvad introduktionen af Selvstyre har betydet for Grønland og til at diskutere, hvad selvstændighed vil betyde for de enkelte samfundsområder og for Grønland som helhed.
